

As we look back over our daughter Erin's ten years at St. Peter's, we do so with hearts of gratitude to all those who have made such a difference in her life. The strong leadership at St. Peter's exemplifies Christ's love and sets high standards in so many ways. Everyone, from the custodial staff to the teachers, has been such wonderful role models for Erin. We know Erin is a more confident, compassionate, respectful and Godly young lady because of what has been instilled in her at St. Peter's. We are excited about what lies ahead for her, because we know she has a strong academic and spiritual foundation from which to grow and become the person God intends her to be.

Erin also has had so much fun and has developed close friendships while at St. Peter's. Some of our fondest memories as parents are those field trips, sports activities and other school functions in which we were able to participate. What a tremendous privilege it is to have been part of such a wonderful school! Erin has been greatly blessed because of her time at St. Peter's, and so have we. May God bless all of you who have done so much for our daughter – we will always be grateful.

Heather and Todd Donoho
